The courses have aimed to educate and intrigue the thousands of participants. These goals have been achieved with increasing success.

For the few courses that have *limited enrollment*, we will select participants by lottery at the end of the first week of registration. We will then notify everyone of the results. For all other courses, *once you are registered, you are automatically enrolled*, unless otherwise notified.

If the library is closed due to bad weather, classes are cancelled and we will try to notify students by email. We will do the same if a presenter is unable to get to class.
